PRESIDENT'S CORNER

Submitted by Gary Thrasher

At a meeting of the board of directors held on September 16, the new Sunset Village, Inc. Rules and Regulations were approved and mailed out to all residents, effective January 1, 2027. The board elected to send a hard copy to everyone, regardless of electronic notification status so that all residents could have a hard copy for easy reference.

Special thanks go to the Governing Documents committee chaired by Maggie Stokes. This group has been working since last spring to update our existing rules. The committee also chose to take a step further to bring rules awareness to the community by implementing an Awareness Communication Campaign, via emails, posters, and newsletter articles, to be shared this coming season.

Updating our rules to establish a refresh of parameters and a clearer understanding for our community is important but enforcement is also key. Sunset Palms Office Management and the Board of Directors are committed to the effective enforcement of our rules. While our staff are responsible for managing non-compliance issues that may be readily apparent, we ask our residents to also do their part. Please submit a written, signed complaint form to the office for anything you as a neighbor may be aware of. The By-Laws review will continue now that the updated rules document has been mailed to all our residents.

The Canal gate was on the August BOD agenda, and the board approved additional funding to cover the cost of activation using our existing key fobs. Look for emails on the progress of the activation process and how to use the gates once they are operational.

<u>From the Infrastructure committee, I can report:</u>

- Manhole repair. We have discovered that some of our manholes are not watertight. They are made of brick with mortar that has fallen out. These manholes are taking on a lot of ground water and putting extra strain on the lift station pumps. We have about 65 manholes in the park, and they are being inspected to see how many we may want to rebuild. Our latest information is that these can be repaired from the outside, which dramatically reduces the cost from replacing them.
- We are also continuing to study our water line infrastructure to develop a plan to replace some of this 60 plus year old pipe on an as needed basis.

Respectively submitted,
Gary Thrasher
President, Board of Directors

MANAGER'S CORNER

Submitted by Debra Agamaite, CMCA

Welcome home to the northerner neighbors that have already returned. It's good to see your smiling faces. And we look forward to seeing more as you continue to return.

Pinellas County is still under a Mosquito Borne Illness Alert for Dengue and West Nile Virus. Please empty any standing water, no matter how small, after it rains or you water your plants. The park is being sprayed by Pinellas County to help with the mosquito issues. This is usually done very early in the mornings. Also if you are out in the park, protect yourself with bug spray or long sleeves.

As you come back and want to do work on your homes, please remember to complete an Exterior Alterations Request form and submit it in a timely manner so it can be reviewed and approved prior to work starting. Requests must be received by Tuesday afternoon at 1:00 in order to be reviewed on Friday for approval. Please contact the office with any questions.

Please remember to sign in when you return to the park. There has been some issues with fobs not working so you will most likely have to stop by the office for reactivation.

If you are selling or subletting your home, please stop by the office and pick up the appropriate paperwork required.

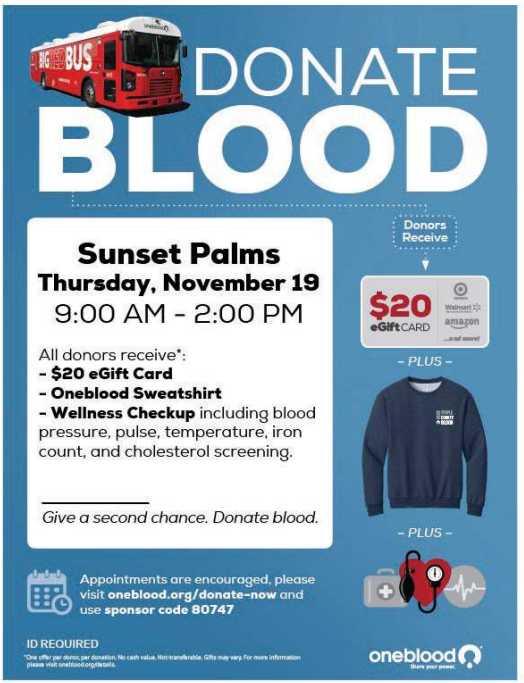

We look forward to seeing you soon!

Respectfully submitted,
Debra Agamaite, Manager

VOLUNTEERS NEEDED

Submitted by Joan Murphy

The Social Committee is seeking volunteers to help track and promote park events. Danielle Rockett has created beautiful flyers over the past several years, and we sincerely appreciate her time and creativity. However, new volunteers are not expected to match her designs or use the same style. Simple, clear notices are all that is needed, and we can teach you a few easy ways to create them. The most important qualities are accuracy, attention to detail and a basic understanding of computer emails. Training will be provided.

We are also seeking a volunteer to manage the events calendar. This role requires close attention to detail, as event requests come from multiple sources and must be prioritized and recorded appropriately. Again, training will be provided.

Ideally, two volunteers would learn both tasks and work together to provide support and backup for one another. Kim Paquette has volunteered to continue to add support for the emails. Maggie Stokes will also be available to answer any questions on the calendar scheduling.

If you're interested, please contact Joan Murphy at murphyjoan1959@gmail.com.

THANK YOU!

ELECTRONIC NOTICES OF PARK BUSINESS

Submitted by Maggie Stokes

As a shareholder, you have the option to receive official notices via email, rather than by the Postal Service. Such notices include the Year-End Financial Statements, proposed changes to the Rules and Regulations of the Park and the Proposed Annual Budget. **This is entirely separate from the electronic voting form, which is a different option that is offered to shareholders**.

- We encourage you to sign up for this option as it has several benefits.
- The documentation is received on a timelier basis.
- Postal service interruptions have made it difficult for residents to receive or return documents via mail services.
- The documentation may be viewed anywhere and at any time.
- It saves the association, thus you, money.

Please note that ALL shareholders must sign the form
Only ONE email address may be used for the notices.
If you haven't already signed up for this option and would like to do so, please pick up the form from the office. The form may also be downloaded from the website (SunsetPalms.org). Click on the first option of the Residents tab (Resident Information) and download the form labeled "Electronic Notice Consent Form." Please fill out the form completely and return it to the office. The form may also be scanned and sent to SunsetPalms3401@gmail.com.
The email address used must be receiving emails from the SunsetPalms3401 email address, i.e. you have not unsubscribed from receiving emails.

WALKING STICK

Submitted by Ralph Payne

The small birch sapling straight and sturdy
Trimmed and shaped, handcrafted to a perfect fit
Firmly holds the weight of an adventurous day
To support and comfort through rocks and clay

The walking stick doesn't require a fancy look
Nor need a carved inlay of ivory or a golden hook
Serving one simple purpose with a firm grip
To hold the owner steady from a fall or slip

Over the hills and valleys, boulders and cliffs
Through unknown meadows of grassy fields
With a soft breeze and a mid morning sky of blue
On toward the path with the lighthouse in view

Steadily navigating the narrow well marked trail
Toward the rock layers on the windswept beach
With the ground uneven, wet, slippery and slick
A friend to the hiker is the dependable Walking Stick

TRAVEL CORNER

Submitted by Kim Paquette

When Travel Takes a Turn…

"When travelling today, expect the unexpected."

It's something you'll hear me repeat often. After years of travelling and organizing trips, I have plenty of stories about journeys that didn't unfold quite as planned.

Just last week, a conversation about the wonderful experience I had on my last Asian trip turned to a very different travel memory: my return journey from Italy in 2024.

I was flying from Rome to Tampa with Lufthansa, connecting through Frankfurt. My flight out of Rome was delayed, and by the time I arrived in Frankfurt, I had missed my connection to Tampa. Instead of continuing on my way, I found myself spending an unexpected night in Germany.

A Helpful Face in a Frustrating Moment

With my onward flight rearranged for the following morning, one important question remained: where would I sleep that night?

At Lufthansa's customer service desk, I met Constance, a helpful agent whose kindness made a disappointing situation much easier to manage.

I explained that I hadn't planned to spend the night at the airport and asked about my options. Thankfully, Lufthansa provided hotel accommodation near Frankfurt Airport, along with meal vouchers.

By the time I reached the hotel, it was close to midnight. The meal vouchers went unused, and what had started as a full travel day ended with just a few hours to rest before heading back to the airport.

Did I get much sleep? Absolutely not! Was I grateful for a bed? You bet!

The Little Things That Make a Big Difference

My checked luggage wasn't available to me that night. Fortunately, I had packed a few essentials in my carry-on.

That experience reinforced another message I regularly share with travellers: pack your carry-on as though you might spend one night without your checked luggage.

For me, that means medications, a toothbrush and toothpaste, basic toiletries, fresh undergarments, a change of clothes and a phone charger.

They aren't the most exciting things to pack. But when your suitcase and your travel plans are suddenly out of reach, those everyday necessities become very welcome comforts.

I eventually arrived in Tampa, tired but safe, with wonderful memories of Italy—and one more travel story to tell.

Another Surprise, This Time Before Departure

Recently, I received a different reminder to expect the unexpected, this time while arranging a group cruise.

I had been promoting an exceptional 24-day Scandinavian itinerary with Oceania aboard a ship carrying only 600 passengers. With balcony cabins priced around $14,000 per person, it was

certainly a significant investment, and I understand why some travellers would want time to consider it.

But it was also an itinerary you rarely see.

Although I had our group confirmed since August, when I went to book more residents, I learned that the first 11-day segment of this back-to-back cruise was practically sold out. Just two interior cabins remained, with all other cabin categories waitlisted.

There was still plenty of availability on the second segment, beginning June 21. However, combining both sailings would require separate bookings and would likely mean changing cabins along the way.

It was disappointing news to share after the excitement surrounding this trip. It was also a reminder that even a higher-priced journey can attract considerable interest when the itinerary offers something special.

Preparation Takes More Than One Form

An overnight in Frankfurt and a nearly sold-out cruise might seem like two very different stories. Yet both reminded me that travel plans can change—and that preparation matters.

Sometimes preparation means having fresh clothes and a toothbrush in your carry-on. Sometimes it means asking questions, confirming the details and deciding whether the opportunity is still available.

As I continue planning our upcoming group trips, these are the lessons I carry with me. My goal is to share not only the exciting possibilities, but also the practical details that help travellers decide what is right for them.

If the Scandinavian itinerary has caught your interest, please contact me promptly so I can reconfirm current availability, cabin options and pricing.

And wherever your next journey takes you, leave a little room for flexibility. Expecting the unexpected doesn't mean expecting a bad trip. It means being ready to make the best of the journey… even when it gives you a story you hadn't planned to tell.

Did You Know?

November's moon was called a Beaver Moon back in Colonial times as people would set beaver traps before swamps froze in order to have a new supply of warm furs for winter.

FROM THE EDITOR

Submitted by Bet LeBrun

Newsletters are no longer being delivered by volunteers to your doorstep. The monthly edition is available for pick up in the office by the fifth of each month. The publication is also available on the website.

IMPORTANT!

I would like to remind everyone that this volunteer job is NOT a Monday-Friday, 9 to 5 job. I work all hours during the week as well as weekends and holidays whether I'm in Canada or the USA. I am committed to providing you with an informative newsletter that reflects the happenings in YOUR park, and I can usually accommodate your requests. I know everyone is busy with their lives but if you want your submission to appear in the Spotlight, then please respect the deadline of the 10th of the month prior to publication. The earlier I receive it, the better. Before I submit the newsletter to the publisher, the articles are reviewed for approval, so timing is crucial.

As a courtesy, I send out a monthly reminder a few days ahead specifying the deadline date for newsletter submissions and it appears on Facebook under Sunset Palms 3401.

Thank you for your attention.

LIFT STATION MONTHLY REMINDER - IMPORTANT

Submitted from the Management

URGENT ACTION REQUESTED - FLUSH TOILET PAPER ONLY

Our system is being clogged because people are flushing wipes down their toilets. The product packaging states the wipes are flushable, but they are not septic safe. They are clogging our system and will burn out our pumps.

WE HAVE RECENTLY EXPERIENCED LIFT STATION ISSUES THAT REQUIRED CLEANING CLOGGED PIPES. WHEN THE CLOGS BROKE LOOSE, GREASE BUILUP APPEARED TO BE THE MAIN CAUSE. PLEASE DO NOT POUR GREASE DOWN DRAINS AND BE MINDFUL OF WHAT GOES INTO THE GARBAGE DISPOSAL. THANK YOU FOR HELPING TO KEEP OUR SYSTEM RUNNING PROPERLY.

PLEASE ALSO INFORM YOUR SUBLETTERS OF THIS LIMITATION!

Thank you for your assistance!

Sunset Palms Management

FLUSH ONLY: Body waste and toilet paper. (The 3 P's = pee, poo, paper)

It is highly recommended that only ONE-PLY toilet paper be used to prevent clogging the toilet.

DO NOT FLUSH:

- Tampons
- Sanitary pads
- Diapers
- Depends
- Swiffer Cloths
- Dust Cloths
- Wet Wipes
- Kleenex
- Food, etc.
- When in doubt, DON'T FLUSH IT!

When we flush, the waste goes into a **holding tank** that has two pumps to expel the waste **UP and OUT** into the Pinellas Park sewage system. When any of the above gets flushed, it clogs the pump, overheats it and burns out the motor.
